### **Child Care Resource Center (CCRC) - Los Angeles County**

The Child Care Resource Center (CCRC) has been serving children, families, and child care providers since 1976. CCRC manages programs to assist with issues such as finding and selecting child care and child care financial assistance to families. Children and families benefit from these programs, allowing parents to go to work and attend school, contribute to the economy and strengthen their families and the community. **CCRC has received additional funding to pay for child care for essential workers who qualify. This emergency funding is short term for the period of May 1st to June 30th, 2020.**
