

THE TORRES MARTINEZ DESERT CAHUILLA INDIANS TRIBAL HAZARD MITIGATION PLAN FEEDBACK

The Torres Martinez Desert Cahuilla Indians have developed this plan as a strategy for reducing current and future natural hazards risks and impacts from climate change. When implemented, the Tribal Hazard Mitigation Plan makes the Tribe more resilient to natural hazards such as flooding, high winds, and extreme temperatures. Federal Emergency Management Agency (FEMA) approval, and Tribal adoption, of the Hazard Mitigation Plan Update allows the Tribe to apply for pre- and post-disaster hazard mitigation grant funds.

Please review the plan and share your comments here.

1. Please list any **GENERAL** comments about the plan. For instance, what you like or what you think may need changing.

2. Please list **SPECIFIC** comments here for **CHAPTER 1**, for instance, changes or corrections to a specific page or chapter of the plan.

3. Please list **SPECIFIC** comments here for **CHAPTER 2**, for instance, changes or corrections to a specific page or chapter of the plan.

4. Please list **SPECIFIC** comments here for **CHAPTER 3**, for instance, changes or corrections to a specific page or chapter of the plan.

5. Please list **SPECIFIC** comments here for **CHAPTER 4**, for instance, changes or corrections to a specific page or chapter of the plan.

6. Please list **SPECIFIC** comments here for **CHAPTER 5**, for instance, changes or corrections to a specific page or chapter of the plan.

7. Please list **SPECIFIC** comments here for **CHAPTER 6**, for instance, changes or corrections to a specific page or chapter of the plan.

8. Please list **SPECIFIC** comments here for **CHAPTER 7**, for instance, changes or corrections to a specific page or chapter of the plan.
